

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

**READING, PA.****STABLES.**

**RULE 6.** All stables within the city of Reading must be kept in a sanitary condition and be properly ventilated. All stables with room for five or more animals, constructed after the adoption of this rule, must be provided with ventilating shafts through the roofs.

**RULE 7.** Manure must be kept in a pit walled out with brick, stone, or cement, and well covered, so that none of the contents or odors may escape. Not more than two 2-horse loads shall be kept on the premises at any time. It shall be removed in a vehicle which shall not permit the escape of any of its contents.

**RULE 8.** Stockyards may be located within the city limits only by special permission of the board of health, provided they are constructed with roofs and cemented floors and otherwise kept in sanitary condition. [Regulations, board of health, adopted May 15, 1911.]

**BERKELEY, CAL.****GARBAGE AND REFUSE—VEHICLES USED FOR TRANSPORTATION.**

**SECTION 1.** That all vehicles used for the transportation of garbage, ashes, swill, and refuse of any description shall be lined with zinc or iron or other metallic substance, and shall be water-tight, so that no leakage can escape from such vehicle. Said vehicles shall also be provided with covers of water-tight canvas or other material impervious to moisture, which covers shall, at all times when said vehicles are passing along or standing upon any street or alley of the city of Berkeley (excepting when garbage is actually being placed in or removed from said vehicles), be kept on said vehicles in such a manner that the covers shall extend well down the sides and ends of the vehicles and be securely fastened at the sides and ends of the vehicles; and said vehicles shall in said manner be kept covered whether loaded or empty.

**SEC. 2.** Every person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than \$100, or by imprisonment for not more than 30 days, or by both such fine and imprisonment.

**SEC. 3.** Ordinance No. 17-A is hereby repealed.

**SEC. 4.** This ordinance shall take effect and be in force 30 days from and after its final passage. [Ordinance in effect August 5, 1910.]

**KALAMAZOO, MICH.****GARBAGE AND REFUSE—DISPOSAL OF.**

**SEC. 2.** That section 30 of ordinance No. 154, the same being an ordinance relative to the public health, is hereby amended to read as provided in section 4 of this ordinance.

**SEC. 4.** All garbage, slops, offal, and refuse shall be placed at the rear of all buildings within the limits of the city of Kalamazoo and kept in closed receptacles provided for that purpose, which shall be approved by the health officer or board of health of said city, and such receptacles shall be emptied and cleaned at least twice each week, or oftener if the health officer of said city shall so order, except that within the established fire limits of said city such receptacles shall be emptied and cleaned at least once each day, Sunday excepted, during the months of May, June, July, August, and September, and at least three times per week during the months of October, November, December, January, February, March, and April of each year. Any person who shall fail to comply with the provisions of this section, or who shall for three hours after notice has been given by authority of the health officer or chief of police fail to remove any such material, shall be liable to all the penalties, as provided elsewhere, for a violation of this ordinance; and it shall be lawful for the health officer to cause the removal of such garbage or offensive matter at once, and all costs and expense of such removal shall be chargeable to the owner or occupant of the premises from which said garbage or offensive matter shall be removed, and the costs and expense of removing the same may be recovered by the city in an action of assumpsit against the owner or occupant in any court of competent jurisdiction, in addition to the other penalties herein provided. [Ordinance adopted Mar. 13, 1911.]
